MAN DISAPPEARS WITH HIRED RIG

Bisbee Liveryman Mourns the Loss of a \$250 Horse—A Well Known Man of the Warren District Is Accused of the Theft of Horseflesh.

It is currently reported that the Palace stables are mourning the loss of a \$250 horse and rig and that Adolph Hoffman, well known as the only survivor of the ill-fated Grubbell expedition, is not to be found about his usual haunts, says the Bisbee Review.

A complaint has been lodged by the livery people charging Hoffman with the theft of the rig. According to the statements in this complaint, Hoffman went to the stable of the complainants at Lowell over a week ago and hired the rig, stating that he was going to Naco on business and would return the outfit next day, and that he has not returned it yet, nor have they seen him or it since.

He has been heard from at Hereford and again at Fairbank, at the latter place not alone, and there they had laid in a plentiful supply of provisions. A general alarm for the detection of Hoffman has been sent out, but it is feared he has made his way across the border and is in Sonora.
